#### Agenda Items

Melissa Graves: Town of Wilbraham Conservation Commission. An RDA was filed to replace a pedestrian crossing in an existing trail system on the Oakland Street Conservation Area. The bridge will be 12' long and 32' wide. The bridge will be constructed on site using hand tools only. It will be anchored with ½ inch rebar pounded about 2 ½ into the ground. No tree removal is required. The Commission unanimously voted to issue a negative determination #2 and the Town of Hampden By Law #6 indicating that the work was not subject to town review.

6:35 Thomas Page voted to adjourn the meeting. This was seconded by John Cushman. All in favor.

Respectfully Submitted,
