REPORT OF THE PLANNING BOARD

The Planning Board held 13 meetings during the year and three public hearings.

It has considered all requests brought before it by the citizens of the town.

A special meeting was held with the selectmen on April 18 to see what could be done about laying out a street on Isham or Pinewood Rd. of sufficient width that it might be accepted by the town. E. Norton Davis and Gerald V. Witkop were asked to investigate the possibilities more thoroughly.

A public hearing was held at the Town House on April 22 to all persons interested in the petition of William A. Pease of Ludlow Rd. for a change of zone of his property at the corner of Allen St. and Ludlow Rd. from Residence A to Business. In order to avoid so-called "spot" zoning, the board suggested that this change should include land on both sides of the road to the East Longmeadow-Hampden line. Since this change would throw this part of the town open to any type of business, the abutters with one exception objected strenuously. It was so keenly felt that the type of business should be controlled that the Board promised to give it some study so it might be prepared in the future to create two types of business districts if necessary and present them for approval by the voters.

On June 7, the Board held a hearing relative to the proposed real estate development of Lawrence Sullivan. The abutters did not object and the plan was approved.
The Planning Board held two hearings at the Town House on July 22. The first hearing was relative to an amendment to the by-laws whereby the town could control the further expansion of non-conforming uses and the excavating of material below the depth of the nearest public way, thereby incorporating the Enabling Act into the by-laws. The second hearing was to all persons interested in the petition of Lawrence Sullivan for a change of zone from Residence A to Residence B to include the property of August Sundgren and his property on Somers Rd. to a depth of 300 feet. Articles relative to these hearings were inserted in the warrant for the special town meeting held on August 1. Although a majority of 128 voted for the amendment as against 108 opposed, it lacked the two-thirds majority necessary to accept it. The change in zone as presented by the Board included the properties of Nelson M. and Grace M. Carew, to a depth of 120 feet to the Scantic River and the properties of August Sundgren and Lawrence Sullivan from the Scantic River to the property line of Bessie Gordon, to a depth of 300 feet, all on the easterly side of Somers Rd. and on the westerly side of Somers Rd. from the property line of Edward N. Christianson to Mill Rd., the properties of Nelson M. and Grace M. Carew, Helge and Barbara Johnson, Walter Labodycz and George A. Chapin, all to a depth of 120 ft. The change of zone was voted favorably upon at town meeting by 86 to 43 and was accepted by the Attorney General on Dec. 27.

HAMPDEN MEMORIAL PARK

The recreation committee is still vitally interested in the development of the Memorial Park and the various improvements are steps toward their goal.

Two of the organization in town, the Catholic Woman's Club and the Ladies Aid most generously donated a Jungle Gym, which is an added attraction for the youngsters.

The flag pole has been erected and this is a park requirement.

The weather has been a great draw back toward the completion of the baseball field, if all goes well games can be played this coming season.

The daily attendance at the paddle pond proves that young folks need this recreation.

The committee has raised a few dollars by serving suppers to the Lions Club when solicited and the Firemen in town have given us their annual oyster supper to help our treasury.

Please keep in mind that the park needs the help of everybody in the community to make it a memorial.

Inspector of Slaughtering
1949 REPORT
of the
Trustees for County Aid to Agriculture

In accordance with the General Laws of the Commonwealth...Chapter 128...The Trustees For County Aid to Agriculture are empowered to receive, on behalf of the County, money appropriated by any town or by the Federal Government for carrying out the provisions of the law under which they are appointed.

The Trustees are further empowered to maintain agents to conduct meetings or demonstrations...make individual farm and home visits and in all ways to help improve home and community interests in every way possible.

Their agents have made contacts during the past year in every community either by public meetings, individual visits, group discussions, demonstrations or otherwise in attempting to assist the needs of the citizens toward better business, better living and better community service and have been ably assisted by hundreds of local volunteer leaders to this end.

In Hampden the following citizens have been of real assistance in promoting such assigned projects as have been conducted during the year: —

Mrs. Earle Harris, Mr. Earle Harris, Miss Nancy Harris, Roger Harris, Mrs. K. L. Moody and Mrs. Warren Dickinson.
A total of $22.99 was incurred during the year for either travel or purchase of material needed in carrying on the various projects by the local leaders. The appropriation made by your town was used by the agents of the Trustees for only residents of your town.

1949 Appropriation $75.00
Balance carried over from 1948 45.36
Expended in 1949 22.99
Balance available for 1950 97.37

Appropriation recommended for 1950 None

Respectfully submitted,

Trustees for County Aid to Agriculture

L. B. BOSTON, Clerk

GYPSY MOTH REPORT

Having completed the search for Gypsy Moth clusters, I wish to report that we found and destroyed about 500 clusters. There were very few clusters found in the section of Glendale and Ames Roads.

I feel there is a big improvement over the whole town.

State Reading Certificates issued: 97 small and 9 large.

Money collected for the loss or damages to books and paid to the Town Treasurer, $2.05.

During the year the library received two framed photos of Hampden Village, one being kindly presented by Mrs. Ethelbert Bliss of Wilbraham, and the other by Mr. William Smith of Longmeadow, both former Hampden residents. These pictures were taken about 1885. The photographers were evidently standing on the hill behind the James Tait residence. The pictures show the three churches, town hall, the old mill with the now-vanished mill pond, and the houses on Main Street at that time. The pictures have been hung in the library and both old and new residents have enjoyed looking at them.

Herbert H. Thresher has kindly loaned to the library a copy of “Richard’s Atlas of Hampden County”, published in 1894. This contains one of the best maps of the Town of Hampden that we have ever seen. The map shows all the streets, brooks, old mills, churches, schools, and the various houses and occupants thereof, at the date the atlas was prepared. The book has been placed with our other data on early Hampden history,
which we have been collecting since the library was organized. These books are very popular with our new residents.

In observing Book Week this year, we began by presenting a matinee and an evening performance of the moving picture “Little Men” from the story by Louisa M. Alcott. This was enjoyed by approximately 200 children and adults.

We had a splendid exhibit of very old books, loaned by our patrons, during Book Week. The exhibit was seen by an unusually large number of interested persons for we held “Open House” on November 17th in conjunction with the Consolidated School. An estimated 80 persons visited the library with about 50 signing our Guest Book. We are very grateful to all the people who cooperated with us to make our Book Week a grand success.

Due to lack of funds, we were unable to purchase the more recent requests for new books this month. Any such requests are very welcome.

The Hampden School Building Committee Report

The Hampden School Building Committee submit the following report. Eight meetings have been held since September 9th, 1949.

Mr. Robert Warner, architect and Mr. Archibald MacNeish, engineer met with the Committee on September 28th and discussed the plans for the proposed addition to the Hampden Consolidated School which were prepared in 1945 by Mr. Warner.

The School Committee and the Selectmen met with the committee on November 2nd, making many suggestions which were helpful to the group.

December 7th, the School Building Committee visited the Converse St. School in Longmeadow. Longmeadow had much the same problem confronting them as Hampden, for it became necessary to build an addition to a school-building already in use. Warner-MacNeish was the architect for the Longmeadow school addition.

At a meeting held on December 8th, the Committee voted unanimously to retain the services of Warner-MacNeish Architectural and Engineering Services of Springfield, Mass.

Mr. Warner and Mr. MacNeish attended a meeting with the group on December 15th and discussed preliminary plans.
The members of the Committee accompanied by Mr. MacNeish attended a conference in Boston, Massachusetts on January 5th, 1950. This group consulted with Mr. John Marshall, Administrator of the School Building Assistance Commission.

Respectfully submitted,

CARL HATCH, Chairman.

WM. HARRY BURNS
MRS. ELIZABETH BENNETT
HAROLD H. JENSEN, JR.
Members of the School Committee
Report of the Superintendent of Schools

To the School Committee of the Town of Hampden:

My fourth annual report as superintendent of schools in the town of Hampden is submitted herewith.

SUPERINTENDENCY UNION NO. 16

Superintendency Union No. 16 is composed of three towns, East Longmeadow, Wilbraham and Hampden. The duties of the union as a whole are to select the superintendent of schools and the union secretary. The supervisor of art, the supervisor of music, and the school nurse are engaged separately by the individual towns. The cost of supervision in art, music, and health is met by the towns in proportion to the amount of time each one of the respective supervisors is able to give to each town; whereas expense of the superintendency, which includes the superintendent’s salary, the secretary’s salary, and the maintenance of the superintendent’s office, is paid by these towns as follows: East Longmeadow, 45%; Wilbraham, 35%; Hampden, 20%. These percentages will probably vary within a year or two, as the school population in East Longmeadow and Wilbraham has increased to a marked degree.

CHANGES IN SCHOOL PERSONNEL

Four teachers resigned from the teaching staff of the Hampden Consolidated School to accept teaching positions in other school systems. Mrs. Grace I. Rodin,
teacher of Grade 2, resigned from her tenure position to accept an appointment in the East Longmeadow school system. Mrs. Ruth G. Backus, remedial teacher, and Mrs. Esther L. Johnson, teacher of Grades 3 and 4, resigned to accept teaching positions in the Wilbraham school system. Mrs. Hazel G. Nicholson, teacher of Grade 1, resigned to accept a position in the West Springfield school system. The Hampden Consolidated School faculty lost outstanding teachers by their resignations.

Mrs. Stella C. Mondoux, graduate of Westfield State Teachers College, where she received her Bachelor of Science degree in Education, was employed to replace Mrs. Hazel G. Nicholson. Mrs. Mondoux has had previous teaching experience in West Hartford, Connecticut, Wilbraham and Springfield school systems before coming to Hampden.

Miss Clementine I. Bianchi, graduate of American International College, where she received her Bachelor of Arts degree, was employed to fill the vacancy created by the resignation of Mrs. Grace I. Rodin. Miss Bianchi had previous teaching experience in Belchertown.

Mrs. Blanche I. Stanley, graduate of the Framingham State Teachers College, was employed to replace Mrs. Esther L. Johnson. Mrs. Stanley had previous teaching experience in the school systems of Northbridge and Springfield.

No teacher up to this time has been employed to replace Mrs. Ruth Backus who did outstanding work in organizing the new remedial teaching program. Many children profited greatly from this experience during the short span of time that Mrs. Backus served.
Those who are now teaching in the Hampden Consolidated School are as follows: Mrs. Stella C. Mondoux, Grade 1; Miss Clementene I. Bianchi, Grades 1 and 2; Mrs. Blanche I. Stanley, Grades 3 and 4; Mrs. Lucy B. Kerr, Grades 4 and 5; Miss Helen C. Flynn, Grades 6 and 7; Mrs. Eleanor B. McCray, principal and teacher of Grades 7 and 8.

TEACHER-PARENT INSTITUTE

The second Teacher-Parent Institute for Superintendency Union No. 16 was held in the Pleasant View school auditorium, East Longmeadow, on Friday, October 7, 1949. It was the good fortune of the teachers to be able to enjoy a program this year around the theme Reading and Arithmetic in a Modern Elementary School. Much help was gained by parents as well as teachers from this well-attended institute. It is hoped that if it is possible to continue to sponsor these programs, arrangements can be made in some way whereby more parents and friends of the school will be able to attend.

INCREASED ENROLMENT AND NEED FOR ADDITIONAL CLASSROOMS

The pupil enrolment in the Hampden Consolidated School continues to show a marked increase over that of the last few years. It has been necessary for the school committee to continue having double grades in classrooms for pupils in Grades 1 through 8. This procedure has made it necessary for some teachers to have more than forty pupils under their care, a number which is far too large for any teacher to give adequate instruction. As the incoming classes continue to be large, the need for more classrooms becomes more urgent. Two years ago we were able in the town of Hampden to have individual classrooms for Grades 1, 2, and
3 where prior to that time it was necessary to have combination grades throughout the system. As there are approximately thirty-five pupils enrolled in Grade I at this writing and it is anticipated that there will be approximately thirty pupils enrolled in Grade I in September, 1950, it is apparent that something must be done to take care of the overflow which undoubtedly will occur. For the best results it is essential that the children attending the first three grades receive an excellent foundation in reading. To accomplish this end, children enrolled in each of these grades should be alone in their respective grade classroom.

SCHOOL COSTS

The school receipts for the school year 1949 totaled $53,983.00. Of this amount the school committee spent $51,921.80, leaving a balance to be returned to the town treasury of $2,061.20. Of the $51,921.80 the town received $20,984.82 from state reimbursements, leaving a net cost to the town of Hampden for the operation of its schools during the calendar year 1949 of $31,059.12. It is estimated that the state reimbursements to the town for the calendar year of 1950 will be approximately $23,362.89. The cost of transportation has taken a tremendous advance during the last eighteen months. It is now costing the town of Hampden $11,300 to cover the contracts for the operation of the three school buses now used as against $6,300 prior to September 1, 1948, and as against $7,500 prior to September 1, 1949.
STATE AID

The town of Hampden has been receiving from the state $386.67 per year as a reimbursement toward the salary of the superintendent of schools. Beginning November, 1949, the town of Hampden will receive from the state as reimbursement approximately $746.66 toward the salary of the superintendent of schools. Legislation covering this increase in state reimbursement was passed during the last legislative session. This means that the net cost for the salary of the superintendent of schools for the town of Hampden will now be approximately $450 per year. The low cost for supervision will continue until such time as either one of the other two towns now included in the school union find it feasible to withdraw from said union.

REPAIRS

Most of the repairs in the Hampden Consolidated School have been of a minor nature during this past school year. These include replacing of window shades, removing cloak rooms in two of the classrooms, painting in several of the rooms, and general upkeep.

We wish to express our sincere appreciation to Mr. Edward Burleigh, building custodian, for his interest and helpfulness in keeping your school in such a fine condition.

We have endeavored to reorganize the health program to make it possible for the school physician to give a complete physical examination to the boys and girls as soon as possible after the opening of school in September. This allows a greater opportunity to carry on the follow-up work throughout the remainder of the school year. We wish to thank Dr. Norman Yosko for his kind cooperation in helping to make this program successful.
After reading the report submitted by Dr. Harold Fiske, school dentist, it will be realized that much fine work has been accomplished by him. We take this opportunity to express our appreciation.

The schools are yours. Parents and friends are ever welcome to visit the teachers as well as the classes. The interest created by the children predominates the school program. Your visits and constructive suggestions serve as a stimulus and guide. Visit them frequently.

Respectfully submitted

HAROLD A. TRUELL
Superintendent of Schools
REPORT OF THE SCHOOL NURSE

The school nurse has assisted the school physician with the following:

Physical examinations 214
Notices sent for defective tonsils 16
Wax in ears 6
Tachycardia 3
Feet 4
Posture 4
Number of children whose tonsils are removed 109
Eyes examined 167
Notices sent 19
Corrected 10

Lions Club 1
Wilhameadow Teachers 1

Ear examination of first and second grades and as recommended for others by teachers—Result—one boy wearing aid

Head inspections 191
No defects found

Weighed 132

Today we do not think in terms of underweight but whether a child is losing or gaining.

Overweight 3
Reported rheumatic fever cases 2
Poliomyelitis 1

Because of the prevalence of polio, it has been difficult to get tonsilectomies booked during the summer. At present I have one booked for January, 1950.

Four children had the benefit of four weeks vacation at Camp Frederic Edwards, gaining from one to five and one-quarter pounds or a total of ten and one-
quarter pounds. All the children at camp were given the Patch test and were x-rayed and found negative.

During the physical examinations state literature on posture, feet, vitamins, etc., was distributed.

Pre-School Clinic in May

Children examined 27
Tonsils already removed 4
Notices on defective tonsils 8
Feet 2
Posture 1
Immunization (only one treatment to date) 12
Vaccinations 23
Number of children wearing glasses 12

I wish to thank the Wilhameadow Teachers' Club and the Lions Club for their cooperation.

Respectfully submitted

SIGNE L. POLSON, R. N.
School Nurse
REPORT OF THE SCHOOL PHYSICIAN

To Mr. Harold A. Truett, Superintendent of Schools:

1. Complete physical examination of student roster.

2. Students being immunized against diphtheria — 15.

Children successfully vaccinated against small pox — 4.

4. A weekly visit every Friday morning to check on students with colds, rashes and minor injuries received either during regular school sessions or outside of regular sessions.

5. Response to emergency playground injuries incurred during regular school play periods.

6. Physical examination with x-ray study of teachers, bus drivers, kitchen personnel, and maintenance staff.

7. Periodic inspection of kitchen equipment and kitchen personnel for sanitation.
