**Auxiliary Firemen**

Daniel J. Isham
IN RECOGNITION FOR THEIR YEARS OF DEDICATED SERVICE

TO THE TOWN OF HAMPDEN

THE BOARD OF SELECTMEN WISH TO ACKNOWLEDGE THEIR APPRECIATION TO THE FOLLOWING INDIVIDUALS

Nancy Joy, Secretary Police Department

Margaret Rochford, Art Lottery Council

Carolyn E. Brennan, Council on Aging Director

Claudia Elguero, Council on Aging

William J. Chechile, Sergeant, Hampden Police Department

Pam Harris, Dog Officer

Florence E. Kirk, Hampden Housing Authority

Richard J. Rediker, Regional School Committee

Richard A. Hatch, Cemetery Commission

Eileen Nelson, Hampden School Committee

Richard D. Gilday, Hampden School Committee

Albert J. Hebert, Jr., Hampden School Committee

Todd Schneider, Volunteer Fire Department

Joseph Grant, Auxiliary Fireman

Martin D. Arifioli, Auxiliary Fireman
PROCEDURE FOR OBTAINING A BUILDING PERMIT

The following is an outline of the steps that must be taken in order to secure a building permit, including the necessary supplementary permits or approvals, as may be required. The Board of Selectmen hopes that this procedure will eliminate confusion which might otherwise arise. Specific questions or a more in-depth review of a particular department’s requirements may be discussed with each inspector.

1. Application to Building Department: Complete the building permit application and submit to the Building Inspector with 2 sets of site plans prepared by a professional engineer or Registered Land Surveyor, along with the application fee, in accordance with Zoning Bylaw 8.1.3. If you have questions, contact: Al Laplante 566-2204.

2. Planning Board: The application and plot plan will be submitted to the Planning Board. Petitioner will verify that this is a registered lot, with the proposed building meeting all zoning requirements (which may include application to the Ridgeline & Hillside Committee - Zoning Bylaw 7.12). Contact the clerk to be placed on the agenda of the next meeting. Judy Jackson 566-8591 (Home Phone).

3. Highway Department: If the driveway requires the crossing of an open ditch, contact the Highway Superintendent for sizing and proper installation of the culvert. When any new driveway is installed (entering off of a paved roadway), the builder will be required to pave an apron from the edge of the pavement back to the front property line (usually 7-10 feet) at the driveway entrance. If you have questions, contact: Dana Pixley 566-8842.

4. Conservation Commission: Verify with this Board if you are near or part of your property is in or near the Wetlands Area. If you have questions contact the clerk. Pat Smith 566-2206.

5. Percolation Test: for 1995 only April 1 thru May 31 due to new Title V regulations Next year revert to normal season. The Owner/Engineer arranges appointment for percolation with the Board of Health Agent and pays fee. Percolation test is valid for two (2) years from date of issue.

6. Well Permit: Well installer submits to the Board of Health a permit and plan of property with well, septic system and house shown, at the time of application and with the permit fee.

7. Well Installation: After the well is installed, the installer must file a Well Water Completion report with the Board of Health. Property owner must then have the water tested, with results sent to the Board of Health before a building permit will be issued.

8. Septic Application: Engineer must submit septic design application to the Board of Health, signed, stamped and with the fee paid. A septic permit which is approved shall expire two years from the date of issue unless construction of the approved system is begun before the expiration date.

9. Septic Installation: Septic Installer must be licensed by the Town of Hampden and must advise Board of Health before installation starts. Installation must be inspected by Board of Health Agent and Design Engineer before system is covered.

10. Septic Compliance: Engineer and installer must sign Certificate of Compliance after the final inspection.

11. Building Department: Building plans must be submitted for review by the Building Inspector. A building permit will not be issued until all prior steps have been successfully gone through. The permit is valid for three (3) years from date of issue. Construction work must begin within six months of receiving building permit, and work must be finished within three years. If you have questions contact: Al LaPlante 566-2204.

12. Electrical, Plumbing, Gas and Oil Burner Permits: Requests for the above permits are to be submitted to the Building Department, with the necessary Building Permit fee. The applicant contacts the appropriate inspector with the inspection request. An Occupancy permit will be issued only after the Building Inspector checks with other inspectors to make sure all the above procedures have been completed. As well as ensuring that the house number is permanently found on the property and easily readable from the street.

If you have questions, or if the Board of Selectmen may be of service, please contact us at the Town House, 566-2131.

ALL FEES ARE PAYABLE TO THE TOWN OF HAMPDEN

Your Board of Selectmen have endeavored to implement the dictates of Town Meeting votes effectively and efficiently while conducting day to day business in the best interest of all citizens. Perhaps it is not emphasized enough but, the Board of Selectmen carry out the will of the people and to that end make themselves available to support, aid, and assist you in all your needs within the constraints of the budget. Board meetings are open and the Board is always amenable to listening and assisting whenever possible where matters of urgency or concern arise with any citizen of Hampden. Our agenda is flexible, our office is open and we work for you.

Some salient items worthy of note for 1994 consist of changes in the method of canine control, cable TV contract completion addition of the BayBank ATM facility and completion of various bonded projects such as the Thornton Burgess roof replacement.

We are pleased to report that the Thomas J. O'Connor Dog Control contract entered into during this report period is working well. Our dog incident report is down significantly along with the cost to enforce our restraining order. Budgeted amounts of $6,500 in FY 95 will be underrun slightly due to negotiated contract costs with the County Dog facility costing the town $1.00 per caplia. This is one budget item that will reflect a decrease in FY 96.

Cable Television contacts were also completed this year with the able assistance of our Cable Vision Committee. Our most recent contract with Greater Media expired in December 1994 and our committee completed all hearings and filing of reports as required by Federal and State law. Final agreements were concluded on schedule culminating in a contract that will bring additional channels, enhanced technology and training aids for Police and Fire personnel. Construction on upgraded fiber optics is scheduled to begin within 18 months from contract signing.

We all were concerned when Hampden was left without the resource of a community bank last year. The Board has not stopped working on your behalf to regain that resource and have been successful with BayBank installing an ATM at the Mini Mall. With the activity the ATM is getting, along with positive changes in the economy it should not be long before our needs are realized. We will keep working this issue.

The Thornton Burgess School roof was in dire need of repair and the Town Meeting vote provided the direction to rectify the problem. To date we are 99% complete with the refurbishment and are working detail items with the contractor toward final completion on or before April 95.

We will continue to celebrate Memorial Day as we have in the past along with the well received "Hot Dog Roast" and the annual "Adopt A Road" program which always provides for a well groomed town we can all be proud of.

It goes without saying that your Board will continue the best management practices possible to assure the Town's administration and infrastructure remain in the best possible condition. We feel an outstanding job was done by all departments in FY 95 maintaining our tax rate at a low 1.8% or 29¢ above last year. A job well done.
We enlist your support, criticism and help to continue to retain the uniqueness that we have come to enjoy in our Town of Hampden. A special note of recognition is appropriate in acknowledging the efforts of our Greenleaf Drive residents in bringing the excitement of the Christmas Holiday Season to everyone around them.

Respectfully submitted,
Arthur A. Booth, Jr.
Richard R. Green
John M. Flynn

Selectmen/Board of Health fees, licenses, permits, etc. $18,713.50
Building Department fees $19,470.50
Police Department permits, reports, etc. $2,987.00
Fire Department smoke alarm inspections, oil burner permits, etc. $2,755.00
Town Clerk Fees $9,813.55

Memorial Day--1st Annual Hot Dog Roast
Board of Health

The Board of Health has focused the majority of its time this year on the closure of the former Sanitary Landfill. As noted in last year's Town Report, the project began with the construction and operation of the transfer station while simultaneously bringing in construction and demolition (C&D) material in order to fill out and shape the old landfill. This was completed in August. It is worth noting that the C&D revenues were $407,000 and have gone a long way in reducing the total cost of closure. Further, as noted last year the C&D material saved the town several hundred thousand dollars as it replaced fill that would have been used for this purpose. Bids were opened in August of 1994 for the Final closure of the landfill. These bids ranged from $950,000 to $1,200,000 considerably more than previous estimates used by ourselves, engineers and even the Dept. of Environmental Protection. Needless to say no contract was awarded and it was agreed to attack the closure in stages using alternative cost cutting measures and procedures where possible. To this point we are 1/3 of the way closed and tens of thousands of dollars ahead of previous bids. We will have more information for town meeting.

The Transfer station and soon to be reconstructed recycling center have proven to be beneficial to our community. We have seen more people returning to the municipal refuse collection center due to savings over private collection, and also that the new system is cleaner, safer and easier than before. The FY 1996 budget request includes funding for a paid person to assist the recycling volunteers. We are also working on a plan which would allow us to recycle twice monthly.

The community for the first time ever has had to deal with a serious outbreak of rabies that will be of concern to all of us for quite some time to come. Input was sought from many sources in developing a procedure, which has proven effective, in dealing with this most serious disease. Our thanks to Robin Warner (Animal inspector) and Dr. Richard Hermsen D.V.S. for all their time and hard work in dealing with this particular problem. In the event that you come into contact with or suspect an animal to rabid contact the Police Department immediately.

As always the Board wishes to thank the many volunteers who help us all when they give their time to projects such as recycling, flu clinic, and the rabies clinic just to name a few. If you are interested in volunteering for a project or committee please contact our office or any one of us anytime.

The Board of Health is involved in the following activities: flu & pneumonia clinic, dog and cat rabies clinics, water tests, food service and food establishment inspections, public swimming pool inspections, septic and well repairs and installations, septic and well installer licensing, health complaints and related court actions.

Respectfully,

HAMPDEN BOARD OF HEALTH

Richard R. Green, Chairman
John M. Flynn

HAMPDEN RECYCLES!!!

2nd Saturday of each month at Transfer Station, 3AM to 6PM.

Newspaper: Newsprint only, tie papers in bundles of approx. 6".
No flyers, glossy circulars, magazines.

Cardboard: Corrugated, Cereal Boxes, Detergents, Etc.
No Waxed Cardboard, (i.e. frozen food containers)

Aluminum: Soda & Beer Cans, Lawn Chairs (minus webbing), Storm Doors (minus glass and screens), Gutters, Foil Containers

Plastic Bottles: Soda, Milk, Orange Juice, Detergent, Fabric Softener, Shampoo, (only #2's)

Steel Cans: Soups, Vegetable, Juices, Pet Foods, etc.

Glass Jars & Bottles: Redeemable Bottles (all colors)
Non-redeemable Bottles (green, brown, clear) remove paper & caps separate colors from clear

All containers must be washed so there is no residue left inside. NO containers that held hazardous material will be accepted.

Tires: All tires must have rims removed.
Car tire - $2.00 each
Truck tire - $4.00 each
Double charge for tire on rim.

Clean Metal: Pipes (up to 6ft.), file cabinets, lawn mower, (less fuel, oil, and tires)
$0.10/lb (estimated) - minimum $5.00

White Goods: $17.00 Large such as chest-type freezer, large stoves, console TV, riding mower, etc.
$12.00 Regular such as refrigerator, washing machine, dryer, air conditioner, TVs lawn mower (less fuel), stove.
$10.00 Small-Such as small TV, apartment-size refrigerator, small lawn mower.

CASH ONLY!!!!!!!!!!!!!!!

NO HAZARDOUS ITEMS ARE ALLOWED.

DUMP STICKERS ARE REQUIRED.

In the event of inclement weather, a cancellation notice will be broadcast over radio stations WHYN, WMAS, WSPR, and on TV stations WRGB TV-40 (Cable #7) and WWLP TV-22 (Cable #6). A sign will also be posted at the entrance to the Transfer Station.
Annual Report of the Moderator 1994

The proceedings of the town meetings are documented elsewhere in this town report thanks to the thorough job done by the Town Clerk, so this report is, as usual, just my rambling.

I want to take a minute to thank the Advisory Committee for the excellent job they do in preparing a budget for the town meeting. They expend an awful lot of time meeting with department heads and trying to balance the need of the town with the restraints of prop 2 1/2.

The trend seems to be for the Town Meeting to have less and less controversy each year. Departments fight it out with the Advisory Committee beforehand, rather than try a floor fight at Town Meeting. Town Meetings are now shorter, and have lower attendance as a result of the lack of controversy.

It may now be time to consider lowering the quorum requirement for meetings. The bylaws state a minimum of seventy-five voters must be present currently to call a meeting to order. This number is getting increasingly hard to attain especially at meetings other than the annual.

Respectfully,

Richard E. Patullo
Moderator

Report of the Computer Study Committee

The Computer Study Committee is an ongoing task committee organized by the Board of Selectmen in 1986. Since that time, it has assisted the Town departments in purchasing, installing, and maintaining their computer systems. We have stressed a practical and consistent approach to implementing these systems with an emphasis on productivity and good value.

In the past year the Committee has assisted the Selectmen’s office and the Tax Collector’s office with their systems, as well as the Town Library. This year, we are asking the Town to support the acquisition of a Police Management System, which we feel is well supported and will provide all of the features needed to bring the Town on-line with other local, state and federal agencies.

The Committee has a master plan which we feel represents a prudent, fiscally responsible path for the Town to follow. In these tough economic times, it is sometimes difficult to recognize the advantages of capital investment in computers and software. We are always available to respond to any questions or inquiries that residents may have. We wholeheartedly welcome any suggestions and advice.

Respectfully submitted,

John D. Flynn, Chair
Jim Moriarty
Richard Reaiker

Report of the Planning Board

The composition and officers of the Board remained the same as last year. Officers are: Joseph A. Dolben, Chair; John Flynn, Vice Chair; Mark Casey, representative to the Pioneer Valley Planning Commission; and former member Paul Robataille, alternate representative to the PVPC.

Building construction continued to be strong in Hampden over the past year.

Hampden Woods I was completed during the year except for the paving of the top coat and final landscaping. Road acceptance at Town Meeting was deferred pending completion of these items.

Hampden Woods II was submitted for subdivision approval in February 1994 and, after considerable review and associated design changes, was disapproved in November. The developer is appealing the Planning Board’s decision in Land Court.

The Board reached agreement with the developer of Country Club Estates on steps needed to complete development of the subdivision. Unfortunately, construction will be delayed until Spring.

Hampden Heights I & II remain a problem. The development was foreclosed by the mortgagee in Spring 1994. As a result of the failure of the bank issuing the letter of credit, there is no bonding covering the remaining work to be completed before the road is acceptable to the Town. The Board has agreed that letters of credit will no longer be acceptable surety for subdivision development in the future.

The Board is proposing several Zoning Bylaw changes at the Annual Town Meeting in response to various concerns expressed by residents over the past years. We are constantly reviewing our regulations to find areas for clarification and conformity.

Respectfully submitted,

Joseph A. Dolben, Chair
John D. Flynn, Vice Chair
Mark Casey
George Romano, Jr.
Joseph Kruzel
Judith Jackson, Clerk to Planning Board

Report of the Ridgeline and Hillside Committee

The Ridgeline and Hillside Committee provides an advisory function to the Planning Board. Applications for development in this overlay district are reviewed by the members; site visits and progress reviews are held; and a recommendation is then passed to the Building Inspector.

1994 saw twelve reviews by the Ridgeline and Hillside Board, up from nine in 1993. We feel that the extra level of oversight given to development of these sensitive areas benefits all in the town.

All residents are welcome at any meeting and any volunteer help is greatly appreciated. We encourage all residents to make suggestions and comments.

Respectfully submitted,

Sam Hammar, Chair
Robin Warner
John D. Flynn
Jim Moriarty
Dutch Elm Disease

In the past year Elm trees that were infested by the Elm bark beetle were cut down and destroyed on the following roadsides, North Monson Road, Chapin Road, Wilbraham Road, Main Street and Allen Street.

Respectfully submitted,

James A. Readon, Supt.

Gypsy Moth Report

During the year 1994, the town saw very little damage caused by the Gypsy moth, the past fall was one with a very low egg cluster count, less than 100 egg clusters were found and destroyed.

The town did have a large number of tent caterpillars along the roadsides, tent caterpillars do very little damage to the mainly young trees that they nest in.

A large number of these nests were cut out and disposed of.

Respectfully submitted,

James A. Readon, Supt.
Hampden’s elder population, officially those over 60 years, are represented by the Council on Aging, a municipal agency whose function is to advocate for and serve their particular interests. Most important are the daily requirements to permit one to live as comfortably as possible with the least dependence on others. To support this, the Council on Aging offers assistance in areas of nutrition and health care, social activities, transportation, financial and legal information, caregiver support, as well as a reference source for any number of inquiries.

The Council doors are also open to residents under 60 who have faced changes in their lives such as layoffs, unemployment, and/or unexpected medical expenses. Information on fuel assistance, financial aid, or referrals for legal assistance is available through the Council on Aging.

The Council on Aging office is located in the Town House and is open five days a week, from 8:30 - 4:00. A full-time Director manages the office, assisted by an Activity Coordinator and an Outreach Worker. A volunteer citizens committee, appointed by the Board of Selectmen, oversees the administration of the agency. Funding of the Council is provided by the town, supplemented by grants from the state and federal government.

Volunteers are the lifeline of the Council on Aging and Hampden is fortunate to have many residents ready to give of their time and talents. Over 70 volunteers participated in the various activities during the past year. The COA recognizes their devotion and is indebted to them for their invaluable service.

Carolyn Brennan, our Director for several years, left the Council this past year and Kathryn Henriquez was appointed her successor as Executive Director. Carolyn contributed much to Hampden’s seniors during her tenure and leaves an enviable legacy from her work with them. Kathryn has continued the momentum and has instituted her own innovative programs and activities in her short time as Director.

A major activity of the COA is the hot meal program provided by Greater Springfield Senior Services and administered in Hampden. Hot lunches have been served daily in the Melville Room of the Town house until November of this year, when it was relocated to Centennial Commons to permit more people to participate. This resulted in doubling the number of meals served, in addition to the approximately 20 home delivered meals brought to elders not able to get to the Commons.

The Council on Aging continues to be the central administrative and dispatching office for a regional paratransit service. Tri Town Trolley is subsidized by Pioneer Valley Transit Authority and serves elderly and handicapped residents of Hampden, Wilbraham and East Longmeadow. Rides are $.50 to medical appointments, dialysis, adult day care, therapy, and shopping. In 1994, approximately 18,000 trips were made with about 4,200 of those trips for Hampden residents. In the upcoming year, Tri Town Trolley will be expanding by incorporating Longmeadow into its operation. This merge will not only improve the amount of transportation services we currently offer but could also provide more flexibility in scheduling. The COA expects a smooth transition and anticipates maintaining the high quality service we presently offer.

SHINE (Serving Health Insurance Needs of Elders) is offered twice a month at the Council on Aging. SHINE is a free and confidential health benefit counseling service for seniors. Its commitment is to ensure that seniors are provided with accurate information concerning health insurance and health care options. The Tax Assistance program is also available during tax season. This program is sponsored through AARP and provides free income tax preparation assistance to elders.

Monthly foot care clinics and blood pressure screenings are ongoing and the COA will be offering various monthly health screenings which will offer seniors the opportunity to monitor their health concerns in between doctor visits and also would enable seniors to learn about and seek answers to health issues from a trained Nurse Practitioner. In cooperation with the Hampden Board of Health and several volunteers, the Council on Aging was able to administer a flu clinic where over 250 shots were given to older adults as well as younger residents who suffer from chronic breathing disorders.

The Board of the Council on Aging acknowledges the support of the people in Hampden, as well as the Town Departments with whom we work, in our efforts to make Hampden an enjoyable place for all our citizens.

GREATER SPRINGFIELD SENIOR SERVICES (GSSSI)

As Hampden’s representative on GSSSI’s Board of Directors, I aim to improve understanding between this Area Agency and Hampden’s Council on Aging. Nominated by COA and appointed by the Board of Selectmen, I believe all Hampden voters, especially seniors and those younger, but caring for senior family members, now or later, should know the links between COA and GSSSI. A key part of these are the changes in the flow of Federal and State funds to meet seniors’ needs in the GSSSI area.

GSSSI and other Area Agencies were created in 1972 by the Federal Older Americans Act of 1965 (OAA) and the Home Care Regulations of the State’s Office of Elder Affairs (OEA). Their aim is to distribute in response to the varying needs of towns and cities defined by their OAA’s administered services paid by Federal and State funds. These total about $7.5 million per year for GSSSI. Hampden’s share, about 1.4%, was spread over these services:

</tbody>
</table>

*Federal “Title III”, Older Americans Act.

Note the $3,100 increase in FY’94 services; occasionally there are decreases. One town’s higher need may be offset by another’s decrease. The GSSSI had a small FY’93 deficit, but a similar surplus in FY’94. To manage such changes, operating accounts, under Federal and State accounting procedures, hold surplus funds to meet deficits. These accounts hold funds from direct mail appeals, grants, interest earned and “match funds” paid by towns and cities, as invited by the Federal OAA. The OAA “match fund” aims to pay for the approximately 16% of service costs NOT paid by Federal funds. Hampden’s share of the “match fund” was $389 in FY’93 and is $279 for FY’94. OAA permits paying this in cash or ‘in kind’ but requires detailed records of the “in kind” products or service, and prior agreement of market value, by area agencies. Massachusetts strongly prefers cash payment. Hampden’s share is not tied directly to Hampden’s needs. Payment is pooled with those from other GSSSI towns. Hampden’s share would help pay for increasing needs in another town, and the latter’s would help pay for increasing needs in Hampden.

Since the meals program has moved from the Town House, to the State-chartered Hampden Housing Authority’s Centennial Commons, Hampden has an opportunity to pay its share in case, to aid this service to its seniors. The Selectmen proposed a line item in the Town’s FY’95 budget, for the $279. This is not in the COA budget, since the OAA requires payment by “general purpose local government” further defined as a “political subdivision of the state”.

Respectfully submitted, George W. Ingle
Hampden Housing Authority

At present, the elected members of the Hampden Housing Authority are Dalton E. Philpott, Vice Chairman and State Appointed, William G. Joy, Secretary, Charles T. Schmitt, Treasurer, Mildred E. Grant, Assistant Treasurer and William Donnelly. Florence E. Kirk who was our Chairperson since the beginning of the Housing Authority has retired after many years of dedicated service to the Town and the residents of Centennial Commons. The staff is comprised of Carole A. Robert, Executive Director, Gary DePace, Fee Accountant, Frank Hull, Maintenance Supervisor, and Reginald Temple, Maintenance Aide.

The Authority meets on the third Wednesday of each month at 9:00 AM in the Centennial Commons Community Building and holds special meetings as warranted. Regulations require meeting dates and times to be posted 48 hours in advance at the Town House bulletin board with the Town Clerk.

Tenants Organization - This group has its own officers and budget and plans its own meetings and programs throughout the year. There is always something for all who wish to participate and some tenants also attend the Authority meetings.

Executive Office of Communities and Development - The Authority is under the direct supervision of this unit in conjunction with our contract for 40 years, entered into in 1976 with HUD in Washington, DC. We are also in contract for the Affirmative Fair Housing Marketing Plan. Our main function is to be alert to the well-being of the tenants at all times, being alert to any revisions in the Tenants Handbook and guidelines from EOCF following through on our monthly water sample testing.

Inspections - Inspections are done annually by the Executive Director and the Maintenance Supervisor.

The Authority is conducting ongoing efforts in this area and as of this time no new grants have been offered.

Police, Fire and Highway Departments are graciously thanked by the staff and tenants for their efforts keeping our safety at all times.

The Congregate Meal Site has moved to the Commons and has become a wonderful event. Attendance has picked up dramatically since the Lunch Bunch has arrived. We also have included many of the activities such as card playing, scrabble, jewelry classes, etc.

The Authority may be reached at the office at 26 Springmeadow Lane, Monday - Friday from 8:00 am to 12:00 Noon, the telephone number is 566-8157.

Respectfully submitted,
Carole A. Robert, Executive Director

TEENANTS ORGANIZATION

This organization has its own budget and by-laws. The committee consists of President, Mildred Grant, Vice President, Marjorie Tierney, Secretary, Pauline Booth, and Treasurer Louise Groll.

Many events are planned throughout the year by this organization. An annual Bazaar and Bake Sale is one of the big events that also realizes a profit for the tenants. Some of the monies earned are used for the Christmas Party that is attended by all the tenants and Board members. We have a wonderful dinner catered usually with entertainment and Christmas cheer is enjoyed by one and all.

In the past few years a summer barbecue is enjoyed by everyone and new tenants are welcomed at this event and the Christmas party also. Many of the tenants join the garden growing flowers and vegetables. Last year this became a community garden with many of the towns people taking part. Everyone at the Commons has an active part in the events offered through the Tenants Organization and we look forward to each new year.

Respectfully Submitted,
Carole A. Robert
Executive Director
The Conservation Commission is comprised of seven appointed volunteers who are charged with the responsibility of administering the Wetlands Protection Act (M.G.L. 131, SEC 40) and the Town of Hampden Wetland Bylaw and Regulation. The integrity of bordering vegetated wetlands, swamps, wet meadows, streams, rivers, ponds, and floodplains is especially critical in a town that depends entirely on private wells and septic systems.

During 1994, the Conservation Commission held 12 regular meetings on the second Monday of each month. We also had four special meetings held in April, July, August and October 1994. This year the Commission issued paper work on seven Notices of Intent (some contained adjoining lots in Hampden Woods phase I), nine Requests for Determination, and two Certificates of Compliance. We also had to issue six violation and enforcement orders. Site inspections were conducted for each of the filings as well as numerous other situations which came under the jurisdiction of the Commission.

The Town of Hampden Wetland Bylaw enabled the Commission to request a Wildlife Evaluation to be done at Hampden Woods Phase II, even though this area is not included in the Natural Heritage Mapping for State listed rare and endangered species. This is now one more tool we can use in evaluating the feasibility of a project. This Bylaw also requires filing and consultant fees. The money collected from these fees enables us to hire professional consultants to assist us in our project reviews. We work closely with the Town Engineer and Town Counsel. The Commission is budgeted fifteen hours per month for clerical assistance, which is served by Patricia Smith. She can be reached at the Town House on Monday through Thursday at 566-2206.

Any citizen interested in learning more about the function of the Commission is encouraged to join our meetings as an observer or an associate member.

Mary Ann Hoyt
Hampden Land Project

Hampden Land Project, a local non-profit trust, aims to interest Hampden landowners in preserving their open land, or some portion of their open land, through conservation easements. Conservation easements are deed attachments that permanently protect open space while providing local and federal tax benefits, and important inheritance tax advantages.

Currently, according to the Mass. Dept. of Environmental Management, residentially developed land costs a town $1.37 for every tax dollar paid, while open space costs $0.40 for every tax dollar paid. Therefore, strategies to encourage the preservation of open space will help all residents by holding down costs, as well as by preserving our town's beauty and protecting critical environmental areas.

Sherry Himmelstein

The Historical Society of the Town of Hampden, Inc.

The Historical Society meets on the fourth Tuesday of the month from February through November, at 7:30 PM. We invite all town residents to attend our meetings.

On the fourth Sunday of the months February to November there are "Open House" days from 2pm till 5pm when persons may see our extensive collections.

Suggestions have been made to have Historical Walks around town.

We wish to especially acknowledge the dedication of several who have spent many hours in making our museum a "show-place for Hampden artifacts."

Mrs. Beryl Doolen
Mrs. Elizabeth Curtis
Mrs. Leona Isham
Mrs. Dorothy Hill

Respectfully submitted,

Helen R. Kennedy
Corresponding Secretary
Hampden County Regional Dog Control Program
Town of Hampden
June 1, - December 31, 1994

On June 1, 1994 the Town of Hampden entered an agreement with the County of Hampden, to become a member of the Hampden County Regional Dog Control Program. Therefore, the H.C.R.D.C.P., represents Hampden in licensing and keeping of dogs, and provides a regional shelter for stray and abandoned dogs.

The H.C.R.D.C.P. represents Hampden in matters arising out of enforcement of the Town's Dog Control Ordinances and the Massachusetts General Laws, Chapter 140, Sections 137A-175, (including amendments through 12/31/78).
During this period, the following list indicates duties conducted by Dog Officer Nick Dominik and Kevin Smith:

Investigation of Loose Dog Complaints 21
Investigation of Barking Dog disturbances 4
Strays picked-up and impounded at shelter 6
Dog Bite Investigations 3
Vicious/loose dog complaints 1
Hampden Dogs brought to Center and impounded 1
Stray dog complaints 2
Sick and or injured dogs 2
After-hour emergencies 3

Impounded
Returned to owners 7
Adopted to new owners 2
Euthanasia 1

Transported to Rowley Animal Hospital (County billed $40.00) 2

Temporary licenses sold at Center 5

The staff attended on Town Open Meeting concerning Rabies in Western Massachusetts, and two public Rabies - Clinics were held at the Center.

The H.C.R.D.C.P. has the capacity for formal quarantine of possible rabid dogs and is a team member for laboratory testing, if a dog is suspect of the disease. Dog Officers respond to complaints and service requests by interacing with local police, town officials, State Animal Inspector, Board of Health and State agencies, to ensure public safety.

Submitted by
Roberta M. Panuccio, Director
Animal Health Inspector

As the Animal Health Inspector for the Town of Hampden, it is my responsibility to make regular and thorough inspections of all livestock facilities (cattle, sheep, swine, goats and horses) as required by Chapter 129, Section 7 of the Massachusetts General Laws. These inspections are done in the fall of each year and include 1) an examination of the animals to ensure they are free from contagious disease, and 2) an inspection of the premise where the animals are kept in regards to adequate food, water, shelter, cleanliness, light, ventilation, and general management practices. Also, any dog or cat that has bitten or scratched a person is to be quarantined for 10 days regardless of vaccination status.

A reminder, we are still in the middle of a RABIES epidemic. Please vaccinate ALL PETS for the rabies virus. Please check with your veterinarian to make sure your pet has been immunized correctly. It is a state law that all cats are to be immunized for rabies by 3 months of age subject to a $150 fine per cat/kitten for failure to do so. This is for your protection as well as your pets.

A GREAT BIG THANK YOU; to the Police department who have been the first responders to the hundreds of rabies calls that have come in over the past year; to the Highway Department to all the road time they have put in this year; to Gr. Hersmans office for all their help; and to the Selectmen's Office who have been so helpful and patient, especially at 4pm on a Friday afternoon!

The State of Mass Department of Public Health and the Town of Hampden have a written procedure for the event of different Rabies exposures. Any questions for more information, please feel free to contact myself or the Selectmen's Office.

My animal inspection report for the year 1994 is as follows:

<table>

</tbody>
</table>

There were 9 dog bites and 1 cat scratch reported. There were also 16 dogs and 2 cats in various quarantines for exposure to a rabid or suspect rabid animal. And 7 raccoons tested positive for the rabies virus which were submitted for testing due to a human or domestic animal exposure.

Respectfully submitted,

Robin Warner, Animal Inspector
Hampden Arts Lottery Council

The Hampden Arts Lottery Council approved funds in the amount of $2000.00 for the 1994 Cycle. The grants were approved in Boston and awarded as follows:

- 1994 Summer Reading Program - Hampden Public Library $500.
- Cultural Enrichment Event - Hampden Public Schools $400
- Blues Demonstration by T.J. Wheeler - Minnechaug Regional HS $100
- Tower Saxophone Quartet - Tower saxophone Quartet $350
- Green Meadows School $350
- Thornton Burgess School $350

Microfilms & Microfiches for Opening Research - Hampden Historical Society $300

Mrs. Margaret Rochford finished her term on the Council. Thank you, Peg for all your help and support. Our new member replacing Peg is Aline Burt. Welcome Aline.

Veterans' Services Department
Annual Report for Town of Hampden

In 1994 there was one family aided by the Veterans' Services Department.

The total amount expended was $1,913.04, of which 75% is reimbursed by the State, the town's share being $478.26.

As a result of the VA service work performed by the area office in Monson, veterans and their dependents in Hampden received $409,741.00 in Federal Benefits. The awards cover veterans non-service connected pensions, service connected compensation, retro-active awards and burial benefits.

Not only does the Veterans' Services Office process applications for financial assistance but also assists in filing applications for all VA Benefits which can result in bringing thousands of dollars in Federal funds to applicants.

Respectfully submitted;

Marilyn F. Bolaske
Veterans' Agent
Report of the Parks and Recreation Department

Many people worked together this year to make a huge contribution to our community. After two years of fundraising, the Kids Castle became a reality. It definitely takes a whole community to make a project like this successful, and we are grateful for everyone’s help and support. Particular thanks need to go to the Kids Castle Committee and to Joyce Dunklee and Mona Urquhart as chairpersons.

Memorial Park Summer Camp was well attended. Campers enjoyed a wide variety of projects, including Arts and Crafts, Science, Sports and Pool Time. Swimming lessons were added this year, taught by Evan Coppola. Anyone who saw the lessons taking place could not help but see how much fun the children were having, thanks to Evan. Stephanie Roy was our Summer Director and she did a marvelous job, managing both the Pool and the Summer Camp.

August 6 was the long-awaited Kids Castle Day. Work began at 6:30AM with volunteers wielding hammers, shovels, rakes and drills all day long. Volunteers also helped provide food and drink for the workers. What an amazing day, watching the playground grow out of the ground.

Family Day was held on Sept. 4, to help celebrate the installation of Kids Castle. A great crowd enjoyed the free popcorn and Trevor the Gamesman and the clowns.

In November, the Parks and Rec Dept. teamed with the Council on Aging to sponsor the Hampden Fine Arts and Crafts Fair. Over forty exhibitors and demonstrators took part. It is wonderful to see so many talented people (and get some early holiday gifts!).

We would like to take this opportunity to thank all the many people who help make us a more effective department. Kate and Doreen from the Selectmen’s Office deserve a huge thank-you. From fielding phone calls to handling paperwork, they help our programs run smoothly. Dana Pipley and the Highway Department are always cooperative. Thanks also to RAH – hundreds of children participate in their sports programs through the efforts of these volunteers. A special thanks to the coaches who volunteer their time and effort on behalf of our children.

The best thing about this year is seeing the many people now taking advantage of our beautiful park. Vandalism has been way down, thanks in part to the number of people at the park.

Our meetings are held on the 2nd and 4th Thursdays of the month. The meetings are held at the Town Hall and all town residents are encouraged to attend. We would also like residents to come forward with some new ideas on programs for the children during the year.

Report for Kids Castle

The Hampden Memorial Park Playground Committee was formed in February of 1992 by a group of Hampden residents. Its focus was to purchase and install new playground equipment for the Town of Hampden. Two years and many obstacles later, the Town of Hampden exhibits an up-to-date playground facility entitled the Kid's Castle.

The project began with an examination of what the playground should consist of. The equipment had to fulfill several criteria to be considered satisfactory. It had to be as safe as possible, have a high degree of visibility, accommodate a wide range of age groups and stimulate physical development. Kids Castle members visited other playgrounds, studied photographs, and analyzed blueprints to determine which aspects would be the most beneficial. The projected cost: $30,000 with an installation goal of July 1994.

The Kids' Castle campaign was launched at the 1993 Memorial Day parade. Volunteers constructed a float depicting their version of the Kids' Castle. Children handed out informational literature to spectators and generally tried to achieve an awareness of the project.

Village Food Mart and Guida Dairy Products had already joined forces. They had decided to contribute a portion of the proceeds from Guida milk sales to Kids' Castle. Their generous effort yielded the cause over $1500.00.

The children of Hampden were also consulted. They were asked to do drawings of what they would like to see in their playground. The ideas were fantastic and were displayed at the park on Family Day.

The next year and a half was filled with organizational meetings, fund-raisers and corporate solicitations. Candy bar and T-shirt sales were instituted at the onset and continued throughout the campaign. Also available were engraved clay bricks that will be used at the site.

The committee members proved their dedication to the project time and time again. They organized and implemented a number of fund-raisers including a tag sale, a tour of homes, a roller-skating party, a golf tournament and a children's theater. We were even able to utilize some of the local talent. David Casey of Casey Auto Glass hosted a car etching at the Rec. For a fee of $10, he etched traceable numbers into each of the windows of a vehicle.

In addition, Dr. Joseph Costanzo and his associates volunteered to host a workshop concerning child abduction. It incorporated causes, parental concerns and sensible precautions into a very informative session.

Finally on August 6, 1994 the playground was installed. More people were there to help than we ever expected. All were willing to do whatever was needed. People were enthusiastic and neighborly. Hampden was there in full force. Consequently, the work was done by 7:00 p.m.

The overall project has lasted approximately 2 years. The members of the committee have accomplished a monumental task in a very short period. They all can be very proud of their accomplishment. It is the committee's hope that there will be another group that will take over where our group left off.

In closing, there is a giant thank you extended to everyone that contributed or helped out in anyway. You made all our efforts worthwhile. We hope the playground is enjoyed by all who visit. Thank you.

Report of the Cemetery Commissioners

The Commissioners have been active in overseeing the maintenance of Prospect Hill and Old Cemeteries, filling sunken graves, grading and seeding have been accomplished. Arrangements are also made for the excavation and refilling of the graves at time of interment and the installation of foundations for markers in cooperation with the various monuments vendors. Twenty one interments were made during the year. Several lots have been sold in Old Cemetery and lots are still available there.

This year again we are requesting that all winter decorations are removed by April 15th in preparation for the redecoration of the graves for Memorial Day. We would also request that old decorations and trimmings from shrubs be placed in or by the barrel provided for that purpose at each cemetery. Rubbish thrown into the woods or over the fence has to be picked up by someone else to avoid an obnoxious mess on the property of others.

Please be reminded that any plantings put in to decorate the graves must be kept within the bounds of the plot described in the deed and are the responsibility of the owner for maintenance. Any plantings or decorations violating this rule will be removed.

Quarterly meetings of the Cemetery Commissioners are held at the Town House the second Tuesday of January, April, July and October at 7:30 pm. Commissioners may be contacted at this time or at the telephone numbers listed below to conduct cemetery business.

Respectfully submitted,

Robert Sazama, Jr. 566-3304
Henry Dunwoody 566-3357
Elizabeth Wells 566-8556

1994 was a great year at the Hampden Public Library. The library continued to “fine tune” its automated circulation system this year, and we would like to thank all our patrons for their continuing patience as we adjust to a new system! The library took another technological giant step in 1994 by becoming an online affiliate member of CW/MARS, an automated resource sharing network. This membership will provide internet access for the library and enable the library to offer our patrons better inter-library loan service. It is our sincere hope that all of these new systems will provide us with the means necessary to offer the best library service possible.

The library would like to acknowledge the organizations and agencies who provided funding in 1994 for the following programs:

- Red Cross Babysitting Course - Lions Club
- Trevor the Games Man performance - Dept. of Ed. Learning Together grant
- "Read to Me" kindergarten book project - Dept. of Ed. Learning Together Grant
- Singer Roger Trincknell - Dept. of Ed. Learning Together Grant
- Creative writing course for adults and children - Dept. of Ed. Learning Together Grant
- $2000.00 Young Adult collection grant - Mass. Board of Library Commissioners
- Puppeteer and juggler for the Summer Reading Program - Hampden Arts Lottery Council
- Storyteller and singer for the Summer Reading Program - Friends of the Hampden Library

In addition to funding programs and providing refreshments for the Summer Reading Program, the Friends of the Library donated funds to purchase new videos and CDs for the library and sponsored the holiday party in early December. The financial support and advocacy of the Friends is very important to the library, and we appreciate the efforts of all associated with the group very much.

The theme for the 1994 Summer Reading Program was "Ticket to Read." Many thanks to Kerry Cesan for creating the marvelous bulletin boards for the program. We had a busy, fun-filled summer with lively weekly programs and 120 boys and girls, aged 3 - 13, participating in the book reporting! Congratulations to the 103 children who completed the program.

Other highlights at the Hampden Library in 1994 include the preschool story hour, kids visit to the firehouse during fire prevention week, new bean bag chairs donated by the Summer Young Adult Club, and the local artists' display in the library.

We would like to thank our library volunteers, Dorothy Hauser, Bea Margeson and Daniel Brewer who faithfully come to the library week after week. Their value to the library is innumerable - thank you all very much! A special thank you also to Ed Malachowski who has over the years given the library many fine homemade wooden games, puzzles and toys. Finally, to all our patrons many thanks for your ongoing support of the Hampden Public Library.

Hampden Volunteer Fire Department

The Fire Department responded to 81 calls this past year. Seven of these calls were for mutual aid assistance to surrounding towns. In November, the Hampden County Fire Mutual Aid Association again held their monthly meeting in Hampden. In 1994 I was again elected Secretary and Treasurer of the county association.

When you sell or refinance your home, you must have your smoke detectors inspected before the closing. Please make sure they are properly installed and in working order before you call for inspection. For information on where to install smoke detectors or to make an appointment for inspection, please call 566-3314 between 8:00am and 4:00 pm.

This past year 14 firefighters took and passed the firefighter 1-B course sponsored by the Mass State Fire Academy.

This past year, we awarded six scholarships to firemen children who are furthering their education. We would like to thank everyone for your continued support of our flower sale and raffle, whose profit goes into the scholarship fund.

Anyone who is 19 years old, a Hampden resident and can pass a Physical exam and wants to help the town is eligible to join the Fire department, just give us a call: 566-3314.

Carbon Monoxide is on everyone's mind. Please have your heating equipment including the chimney serviced every year by a professional to make sure it is clean and working properly.

This past year I turned in $2,755.00 to the Town Treasurer for inspections and permits.

I wish to thank the Police and Highway Departments for their cooperation in helping the Fire Department this past year.

Respectfully submitted,

Lawrence W. Hatch
Fire Chief

Report of the Forest Fire Warden

As in the past, outdoor burning is permitted from January 15th through April 30th from 10:00 am to 4:00 pm daily. This is for the burning of brush and forest debris only. There is NO burning of grass, hay, leaves, stumps or construction materials. Burning permits are issued on a daily basis, depending on the weather conditions. You may obtain a permit by calling 566-3314 after 9:00 am on the day that you wish to burn.

Last year 297 burning permits were issued during the burning season.

In 1994 we responded to 12 brush fires.

Respectfully submitted,

Lawrence W. Hatch
Forest Fire Warden
