WHITE GOODS THIS WILL AGAIN BE SCHEDULED FOR MAY; WATCH LOCAL PAPERS

& TIRES FOR FURTHER INFORMATION.

RECYCLING P-2

During the first six months of voluntary participation, we collected:

42 tons of newspaper

16,000 pounds of other materials

Each month the total volume of materials collected is increasing.

Many people have asked where the materials go and what they are recycled into. The following is a brief explanation of each material.

Newspapers are delivered directly to a manufacturer of insultation.

Glass is crushed and used to make glass bottles and jars.

Aluminum goes to one of the aluminum companies where it is melted down and eventually becomes aluminum cans again.

Cardboard is ground up and re-made into heavy cardboard tubes used inside rugs, linoleum, paper towels, etc.

Plastic is ground up and used as filler in bean bag chairs, as imitation down filling for jackets, nylon thread, bottoms of 2-liter soda bottles, etc.

Steel cans are melted down and used in various steel products.

In the future, we hope to include even more items in our recycling program.

FEES FOR BUILDING, ELECTRICAL, PLUMBING, GAS, FIRE & HEALTH PERMITS

JUILDING PERMITS (38 ALLaPlante, tel. 566-2204, 525-2506)	GAS PERMITS 🖙 Bill Patullo, tel. 566-8118

subject to a permit fee	Feb. 1, 1991

PROCEDURE FOR OBTAINING A BUILDING PERMIT

The following is an outline of the steps that must be taken in order to secure a building permit, including the necessary supplementary permits or approvals, as may be required. The Board of Selectmen hopes that this procedure will eliminate confusion which might otherwise arise. Specific questions or a more indepth review of a particular department's requirements may be discussed with each inspector.

Planning Board

Plot and building plans must be submitted to the Board for verification. If a lot meets zoning requirements, it is approved. Otherwise it will be necessary to contact the Board of Appeals. Contact the clerk for appointment: Judy Jackson 566-8591

2. Conservation Commission

Verify with this Board if you are near or part of your property is in or near the Wetlands Area. If you have questions contact the clerk:
Pat Smith 566-2206

3. Percolation Test

Test dates are March 1st to May 15th. The Owner/Engineer arranges appointment for percolation with the Board of Health Agent and pays fee. Percolation test is valid for two (2) years from date of issue.

4. Well Permit

Well installer submits to the Board of Health a permit and plan of property with well, septic system and house shown, at the time of application and with the permit fee.

5. Well Installation

After the well is installed, the installer must file a Well Water Completion report with the Board of Health. Property owner must then have the water tested, with results sent to the Board of Health before a building permit will be issued.

6. Septic Application

Engineer must submit septic design application to the Board of Health, signed, stamped and with the fee paid.

7. Septic Installation

Septic Installer must be licensed by the Town of Hampden and must advise Board of Health before installation starts. Installation must be inspected by Board of Health Agent and Design Engineer before system is covered.

8. Septic Compliance

Engineer and installer must sign Certificate of Compliance after the final inspection.

9. Building Department

Complete the building permit application and submit to the Building Inspector with 2 sets of building, plot plans, along with the permit fee. The permit is valid for three (3) years from date of issue. If you have questions contact:

Al LaPlante 566-2204

10. Electrical, Plumbing, Gas and Oil Burner Permits

Requests for the above permits are to be submitted to the Building department, with the necessary fee. The applicant contacts the appropriate inspector with the inspection request. Building Inspector checks with other inspectors to make sure all the above procedures have been completed before issuing occupancy permit, as well as insuring that the house number is permanently found on the property and easily readable from the street.

Fees are shown on the reverse side, and if you have questions, or the Board of Selectmen may be of service, please contact us at the Town House, 566-2151.

Rev. 1

MINUTES -- ANNUAL TOWN MEETING, April 30, 1990 290 Voters in attendance

Moderator, Richard Patullo, opened the Annual Town Meeting at 8:00 PM, recessed at 8:21 for the Special Town Meeting and resumed at 8:50 PM.

Article 1. The Town voted that the Annual Reports, as contained in the Annual Town Report for the year 1989 be accepted as printed.

Article 2. The Town voted that the sums of money shown in the column entitled Fiscal 1991 Recommended of the Supplementary Report and Recommendations of the Supplementary Report and Recommendations of the Hampden Advisory Committee, as amended, be granted and appropriated for the specific purposes designated and that the same be expended only for such purposes. Each number being considered a separate appropriation and that the Town raise and appropriate such sums as may be required to defray said charges for the Fiscal Year ending June 30, 1991.

The amounts, as amended, are as follows: GENERAL GOVERNMENT
